Nathan and Ramona,

I've located the perfect engineer (an oxymoron?) that I had in mind when we spoke last week. Dwight Goldman worked for Arco for about 23 years, then in 1999 went on his own as a compliance and management systems consultant. He is a lead ISO 14001 auditor and most recently became one of the API's four SEMS accreditation auditors. I'll let you work directly and hopefully your needs and schedules can work out.

Dwight J. Goldman, CSP, P.E.  
Principal Engineer  
Risktech-HSE  
(214) 668-0253  
[djgoldman@risktech-hse.com](mailto:djgoldman@risktech-hse.com)

thanks, Lloyd
